

Avatar Seating ready for another international sports event: Qatar 2015 IHF Men's Handball World Championship

Daplast has supplied Avatar Seating for the brand new Qatar Handball Association Complex Arena, at Doha, Qatar, that will host the Qatar 2015 Men's Handball World Championship.

Stadionwelt

More than 5.500 arena seats have been installed at the grandstands of this spectacular sports arena, designed and constructed in less than 15 months.

The Qatar Handball Association Complex was inaugurated the last September 2014 to celebrate the International Championship Handball Super Globe 2014, at which FC Barcelona Handball team revalidated its title of Champion.

The Avatar seats, installed at this arena in partnership with Elan Inventa, provide flexibility to adapt the seating capacity. This is due to the metallic rail, the seats can be displaced along it, changing the distance between seats at convenience.

More info about Avatar seating and photos of this sports venue are available at our web <http://www.daplast.com/english/daplast-news/categoria/New-sports-venues/30>
