### **RIEDEL DONATES ARTIST DIGITAL MATRIX INTERCOM TO EMMA TV**

**Amsterdam, Netherlands (November 20, 2012).** – Riedel Communications, one of the leading manufacturers of real-time networks for video, audio and communications, donated an Artist Digital Matrix intercom system to Emma TV. Emma is a Dutch TV station for the Emma Kinder Ziekenhuis, a children's hospital in Amsterdam.

## PRESS RELEASE

The Artist system that consists of an Artist mainframe and five Artist 1000 series control panels replaces the old intercom system. "Our old intercom system was at its end. Riedel was so kind to step in and sponsor us with a new intercom installation. Since we are relying on sponsorships and donations, we are really glad Riedel helped us out here", said Alex Vermeulen, volunteer technical manager at Emma TV. –

"Riedel helped us with a very reliable Intercom and we are very happy with it. At the end you want to entertain the sick children and make life a bit more easy on them. Not to worry about technical issue helps a lot," Vermeulen continued.

### About Riedel

Riedel Communications designs, manufactures and distributes the most pioneering real-time networks for video, audio and communications for broadcast, pro-audio, event, sports, theatre and security applications worldwide. The products reflect today's leading-edge technologies that translate tomorrow's demands into today's solutions. The company also provides rental services for radio and intercom systems, event IT solutions as well as fiber-based and wireless audio & video transmission systems for large-scale events such as Olympic Games or FIFA World Cups. The Company was founded in 1987 and today employs over 350 people located within 11 locations in Europe, Australia, Asia and the Americas.
